

Compliance and Breach (Child Safeguarding) Policy and Procedures

Background

Clyde Grammar has a definite ethos, which was to deliver exceptional, high quality, affordable education, embedded with Christian faith and values.

The CSV Board, has approved the Compliance and Breach (Child Safeguarding) Policy and Procedures, as set out in the Policy Administration section, below.

A child safe organisation must ensure that its child safeguarding standards, policies and procedures are followed by everyone in the organisation.

In particular, **Ministerial Order 1359** requires the CSV Board to ensure that people management of staff and volunteers focuses on child safety and wellbeing.

Rationale

Clyde Grammar has a definitive ethos, which is to deliver exceptional, high quality, affordable education, embedded with Christian faith and values.

At Clyde Grammar, our passionate, dedicated staff acknowledge the importance of providing a safe stimulating environment where children are excited to come to school every day and eager to learn in a safe and nurturing environment.

Our key objective is to provide rich, engaging learning experiences in accordance with the Victorian Curriculum, that cater for the person needs and growth of each individual child.

CSV and **Clyde Grammar** are committed to ensuring the safety, wellbeing, and participation of all children and young people under our care.

Purpose

Clyde Grammar has developed a suite of policies including our Compliance and Breach (Child Safeguarding) Policy that provides key elements of our approach to protecting children from abuse. It forms the foundation of the School's procedures, practices, decision-making processes and ultimately the School's culture with respect to child safety.

This Policy and its Procedure sets out the disciplinary actions that may result for Staff, Volunteers, Contractors and others in the School community who breach our child safeguarding policies and procedures, including in particular (but not limited to):

- the Child Safeguarding (Safety and Protection) Policy and Procedures
- the Child Safeguarding (Responding and Reporting Obligations) Policy and Procedures
- the Child Safety Code of Conduct
- Child Safeguarding Responsibilities
- the Child Safeguarding Risk Management Policy and Procedures
- our Child Safeguarding Human Resources policies and procedures
- our Information Sharing policies and procedures.

It is designed to ensure compliance with these and all other Policies and Procedures in our Child Safeguarding Program.¹

¹ The "Child Safeguarding Program" is the name given to the full collection of policies and procedures that assist the School to be a child safe organisation and to meet the requirements of the Victorian Child Safe Standards, Ministerial Order 1359 and the National Catholic Safeguarding Standards. It includes policies and procedures for:

- responding to and reporting child safety incidents and concerns
- child safe human resources management (including WWC clearances)

Principles

Clyde Grammar is committed to ensuring the safety, wellbeing, and participation of all children and young people under our care. We have zero tolerance for child abuse.

Clyde Grammar and the CSV Board have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected and their voices heard, and where they are safe and feel safe.

Ministerial Order 1359 and the **Clyde Grammar Statement of Commitment to Child Safety** set out the principles that guide the CSV Board and Clyde Grammar in the development and regular review of the Compliance and Breach (Child Safeguarding) Policy and Procedures.

Scope

This Policy and its Procedures apply to all Staff including members of the Executive Team, and – where indicated in the particular section – to relevant Volunteers and Contractors, including School Advisory Council members.

They apply in all School environments, including physical, virtual and online environments, and on-site and off-site School grounds (e.g. extra-curricular activities such as sport and other programs, camps and excursions, interstate and overseas).

This Policy and its Procedures do not apply to School students who are volunteering with, coaching or tutoring younger students at the School, but these students are required to abide by the School's **Student Code of Conduct** at all times. Breaches by students are managed under our **Student Discipline Policy**.

Definitions

Definitions of particular terms used in this Policy and its Procedures can be found in **Child Safeguarding Program Definitions**.

Of particular importance to the Child Safeguarding Human Resources policies and procedures are the following additional key definitions:

Child-connected work For the purposes of Ministerial Order 1359, “child-connected work” is defined as work authorised by the school governing authority or the provider of school boarding services and performed by an adult in a school environment while children are present or reasonably expected to be present.

Under this definition, all staff members are engaged in child-connected work.

Under this definition, many, but not all, Volunteers and Contractors are engaged in child-connected work. Volunteers and Contractors who are not adults or who do not work when children are present or expected to be present are NOT engaged in child-connected work.

-
- participation and empowerment of students
 - informing and involving families and relevant communities in child safeguarding issues
 - equity and diversity
 - child safeguarding risk management strategies
 - strategies for embedding a culture of child safety at the School; and
 - regular reviews and continuous improvement of child safeguarding policies, procedures and practices.

“Child-connected work” is broader than “child-related work” (defined below).
“Child-connected work” does not need to involve direct contact with children.

whereas “child-related work” does. For example, a consultant engaged by the School to work with the School Advisory Council and who attends the School for meetings during school hours when children are present is not engaged in “child-related work” but is engaged in “child-connected work”.

Child-related work

“Child-related work” is defined in the Worker Screening Act 2002 (Vic). It is work performed at or for the School by a staff member, Volunteer or Contractor that usually involves direct contact with a child (unless the direct contact is only occasional and incidental to the work).

Direct contact means any contact between a person and a child that involves:

- physical contact
- face-to-face contact
- contact by post or other written communication
- contact by telephone or other oral communication; or
- contact by email or other electronic communication.

Under this definition, most Staff at the School and any Direct Contact Volunteers and Direct Contact Contractors, are engaged in child-related work for the purposes of Ministerial Order 1359.

School staff

“School staff” is a particular phrase used in Ministerial Order 1359, and is defined as “an individual working in a school environment who is:

- directly engaged or employed by a school governing body*
- a contracted service provider (whether or not a body corporate or any other person is an intermediary) engaged by a school governing body to perform child-related work; or
- a minister of religion, religious leader or an employee or officer of a religious body associated with the school”.

*The engagement or employment of Staff and Contractors at the School (other than the Principal/Head of Campus, Deputy Principal and the Business Manager) is undertaken by the School on behalf of the CSV Board. This means that, at the School, all staff members as well as Direct Contact Contractors are “school staff”, no matter their age or the frequency of their engagement.

Staff/staff member

The terms “Staff” and “staff member” include all teaching and non-teaching Staff including the Principal. They include all those employed by the School on a permanent, temporary or casual basis.

Although School Advisory Council members are technically Volunteers, they are considered “Staff” for the purposes of this Policy and the Child Safeguarding Program.

Volunteer contractor

and A Volunteer is someone who performs work for the School in a School environment without remuneration or reward. Volunteers may be family members of students, or from the wider School or local community. Volunteers are not “school staff” for the purposes of Ministerial Order 1359.

A Contractor is someone engaged by the School to perform specific tasks. Contractors are not employees of the School. However, Contractors who have direct contact with children (see below) are “school staff” {Boarding School Variable} or “school boarding premises staff” {End Boarding School Variable} for the purposes of Ministerial Order 1359.

The School categorises Volunteers and Contractors as either:

- **Direct Contact Volunteers/Contractors:** Volunteers and Contractors who have direct physical or face-to-face contact with, or who directly communicate with, students (such as Volunteers and Contractors who are tutors, provide learning support, work in the Canteen, attend or provide excursions/incursions, assist in music/drama productions and coach sports teams). External Education Providers are considered Direct Contact Contractors. All Direct Contact Volunteers/Contractors who are adults are engaged in both “child-related work” and “child-connected work”.
- **Regular Volunteers/Contractors:** Volunteers and Contractors who assist the School in ways that do not involve direct contact with students (although there could be indirect or incidental contact), and who do this more than seven times per year (such as Volunteers working the School’s administration office, contracted consultants, regular maintenance workers or cleaners, and caterers for staff events). Regular Contact Volunteers/Contractors are NOT engaged in “child-related work”. They are only engaged in “child-connected work” if they are adults and if they work when children are present or expected to be present.
- **Casual Volunteers/Contractors:** Volunteers and Contractors who assist the School in ways that do not involve direct contact with students (although there could be indirect or incidental contact) or whose services are aimed at the general public, and who do this seven times or less per year (such as Volunteers who work on a stall at a School fete or on a barbeque at a sporting event, and one-off emergency maintenance workers). Casual Contact Volunteers/Contractors are NOT engaged in “child-related work”. They are only engaged in “child-connected work” if they are adults and if they work when children are present or expected to be present.

Visitor

The term “Visitor” refers to any adult who attends a School event or who is in a School environment on a one-off or casual basis (such as Casual Volunteers/Contractors, parents and other adult family members of students when they are attending School events, and people invited by the School or a staff member to be in a School environment).
